How long the dog-days continue is an openquestion. Some say August 5th, others the 11th—more the 25th, while the old Farmers' Almanac cuts them off September 5th.

In Utah the grasshoppers have made sad havoc, but the cereals is expected to be equal to those of last year.

A homesick dog travelled alone, and doubtless on foot, from Kentucky to Missouri, 900 miles, and reached his old kennel by instinct. The Albany Argus is stirring up a matter about cotton speculations in the South, during. the war, under privileges from Gen. Grant .-

It calls for explanations. The mistake of a druggist in Waterloo, Indiana, who gave a butcher a poisonous herb when he applied for sage leaves with which to season some sausage meat, made eighty-three

persons violently ill. It is stated that at least five thousand barrels of fish-oil have been received in New York from Canada, containing sealed five-gallon cans of Hennessy brandy, and also that many thousand barrels of flour, containing similar cans of brandy have also been smuggled from

Canada. A larger breadth of crops have been planted in Colorado than ever before. Seasonable rains and the early departure of grasshoppers insure a large yield.

The ladies of Philadelphia have a rifle club.
